

Zirk Parental supervision 2010-2011

Barker School & Watson Arts Centre

Please Note: Parents scheduled for supervision practise dates are responsible for finding a substitute if unable to supervise. Please retain a copy of the Parental Supervision Schedule for the year as your reference for your upcoming shifts. A copy will also be posted on the Zirka website.

Supervision Rules: Supervisors must arrive ten minutes prior to the beginning of dance instruction and remain ten minutes following the completions of that class. Children should not be left outside alone waiting for a ride, etc.

Zirka Supervisor tags will be made available for the supervising parents to wear and to pass on to the next supervisor at the end of shifts, etc.

Two supervising parents are scheduled for the Intro, Beginner and Novice practises. One parent will be posted in the Barker school lobby and one posted in the gym supervising the dancers.

The Dancers waiting for their lessons to begin must wait in the lobby until their scheduled practise times. These dancers should not enter the gym until the instructors permit. There should be no running around the school hallways, no dancers allowed on the gym stage, and coats and shoes should be left in the lobby.

At the end of each class, supervisors are to check the washrooms for general tidiness. Please pick up loose papers or litter and any forgotten items before leaving.

Should supervisors have any problems/issues/concerns with any dancers during their shifts, please provide this information to a board member.

Parents are only allowed to watch in the gym the first Monday of each month. Parent presence in the gym has demonstrated to be a distraction to the dancers and instructors in the past.

Thank-you for your anticipated cooperation!!
