

Zirka Parental Supervision 2009

Barker School

Please note: You are responsible for finding a substitute should you be unable to supervise.

Supervision Rules

Supervisors must arrive ten minutes prior to the beginning of dance instruction and remain ten minutes following the completions of that class. AT NO TIME should children be left outside alone waiting for a ride, etc.

Please wear the Zirka supervisor tags that will be on the white board by the entrance and pass them on to the next supervisor when your shift is done.

Parents are only allowed to be in the gym to watch the first Monday of each month. If they wish they can wait in the lobby.

Coats, books, shoes shall be left in the lobby in an orderly fashion.

Dancers waiting for their lessons to begin shall wait in an orderly fashion in the lobby. No running around please. We have booked only the gym, at no time should students be in any other part of the school. We have been specifically asked to stay off the stage.

At the end of each class, supervisors are to check the washrooms for general tidiness. Pick up loose paper or litter or forgotten items before leaving.

If supervisors have any problems with dancers, they are to take down their name(s) and contact the Supervision Chairperson.

There will be a call given to all supervisors Sunday night just as a friendly reminder that you are the supervisor for next dance class.

Thank you!

Sincerely,

Janice Mullin

Parental Supervision Chairperson
